PRINTER

The Compact and Agile Card Printer

The **Zenius** printer is designed for single sided printing and encoding of a very large variety of plastic cards. Zenius generates color or monochrome cards, individually or in small runs, with top quality results. Zenius is a user-friendly, compact and cost-effective solution for delivering your personalized cards.

Flexibility

- With Zenius, you can choose to insert your cards individually or with the automatic feeder.
- The «**Expert**» version of Zenius features **combinable encoding functions**: magnetic encoding, contact and contactless chips. It takes just a few minutes to install these modules!

Ease of Use

- With the **Evolis Premium Suite® software**, you can receive notifications and easily control the printer from your computer.
- Evolis High Trust® ribbons** are easy to install and automatically recognized and set by the printer.

Small Footprint

- Hardly larger than a standard sheet of paper, Zenius fits perfectly into any environment, be it the office or a customer service counter.
- Zenius is an eco-designed printer: very efficient sleep mode and low energy consumption.
